

BOND 2015 Key Features

- 1 ZERO tax rate increase
- 2 Protect property values
- 3 Enhance student and staff safety
- 4 Preserve and enhance instructional programs
- 5 Modernize school technology

ZERO INCREASE to Current Debt Millage Rate

With your help
we can make a difference in the quality of life for our children, grandchildren, and generations of Birmingham Public Schools' students to come!

Did you know...

Our performing arts centers have not been updated since they were both built – Seaholm in the 1950's and Groves in the 1960's.

Bond money cannot be used to pay for salaries or classroom programming.

Access to technology is a critical need for our children and for the staff. Technology is not a luxury in today's classrooms. It is a necessity!

What this Bond Proposal means to...

OUR COMMUNITY

- Protects property values
- Maintains high standards we have come to expect from the Birmingham Public Schools
- Preserves the community you helped build
- Protects the investment the community has made in the school district's facilities

OUR CHILDREN

- Improves the safety and security of classrooms and schools
- Preserves and enhances instructional programs
- Modernizes school technology to support curriculum initiatives
- Ensures quality programs for our community's greatest treasure -- our children!
